DALCO ALCOCLEAN

Surface disinfectant

Virucidal, Bactericidal, Fungicidal, Mycobactericidal

UFI: 3TJY-611D-K001-QNA5

Description

DALCO ALCOCLEAN is a surface disinfectant based on ethyl alcohol. It is fast-acting, ready to use, with certified virucidal, bactericidal, fungicidal, and mycobactericidal action. It has excellent cleaning properties and dries quickly without leaving residue. It is ideal for disinfecting surfaces in areas of high sanitary importance, both public and private, industrial spaces, as well as food preparation areas.

Specifically:

Hospitals, nursing homes, medical offices, veterinary clinics, hotels, factories, food industries, catering, dining areas, offices, daycare centers, gyms, and indoor spaces where prevention is deemed necessary.

ACTS IMMEDIATELY AGAINST:

EUROPEAN STANDARDS		STEM	CONDITIONS
EN 1276 EN 13727 EN 13697	Bactericidal action	Staphylococcus aureus, Pseudomonas aeruginosa, Escherichia coli, Enterococcus hirae etc.	5 minutes at 20 ° C under clean conditions
EN 1650 EN 13624 EN 13697	Fungicidal action	Candida Albicans etc.	5 minutes at 20 ° C under clean conditions
EN 14348	Mycobactericidal action (TUBERCULOSIS)	Mycobacterium terrae ATCC 15755 Mycobacterium avium ATCC 15769	5 minutes at 20 ° C under clean conditions
EN 14476	Virucidal action	Virucidal action against Adenovirus, Norovirus, Rotavirus, as well as against all enveloped viruses such as Vaccinia virus (MVA), HAV, HBV, HCV, HDV, HIV, Coronavirus, Influenza virus H1N1, and others.	

Advantages

- ▶ Contains ethyl alcohol
- ▶ Fast action within 30 seconds
- ▶ Ready-to-use product
- ▶ Characteristic alcohol scent
- ▶ Does not contain aromatic or coloring substances
- ▶ Rinsing is not required

Users: Professionals and the general public.

DETERGENTS - DISINFECTANTS - COSMETICS - DISINFECTIONS - PEST CONTROL

Instructions for Use

- Turn the nozzle to the "ON" position.
- Spray directly onto the surface.
- Wipe with a CLEAN damp cloth and let it dry.
- Rinsing is not required.
- To clean any electrical equipment, first spray onto a cloth. Let the product act for 5 minutes.

Composition

The product contains 73% (v/v) Ethyl Alcohol and 0.4% (v/v) Quaternary Ammonium Salts.

Technical Information

Appearance: Transparent liquid with a characteristic alcohol smell

Product pH value: 7.4±0.5

The above data are indicative of the usual manufacturing process and should not be taken as product specifications.

Precautionary and Storage Instructions

First Aid

General instructions: Move the affected person to fresh air. Consult a doctor immediately.

After inhalation: Move the affected person to fresh air and let them rest in a position that facilitates breathing. If discomfort persists, consult a doctor.

After skin contact: Rinse with plenty of water and soap. If irritation continues, see a doctor.

After eye contact: Rinse the eyes immediately with plenty of water, lifting the upper and lower eyelids alternately. Check and remove contact lenses if present. Continue rinsing for at least 10 minutes. Seek medical help if irritation occurs. Be careful when rinsing the eyes, as high-pressure water jets may cause damage to the cornea; consult a doctor.

After ingestion: Drink plenty of water and stay in fresh air. Consult a doctor immediately and show the label or packaging. Never give anything by mouth to an unconscious person.

HANDLING AND STORAGE INFORMATION

Handling:

Precautions for safe handling: Be cautious when handling and opening containers. Avoid impact, friction, and shock. Avoid contact with skin, eyes, and clothing.

Instructions for fire and explosion protection:

Keep away from sources of ignition—smoking is prohibited. Take protective measures against electrostatic discharges. Do not spray the product over fire or hot objects. Flammable mixtures may form in empty containers. Keep the product in a dry, cool, and well-ventilated area, away from heat sources, ignition points, flames, and sunlight.

Storage:

Technical measures and storage conditions: Store in tightly closed containers, in a cool, dry place with good ventilation.
