FO SHAMPOO BODY

Shower gel

Description

FO SHAMPOO BODY is a gentle body wash that contains surfactants and moisturizing agents that take care of the body, offering a wonderful sense of freshness. It is suitable for frequent use, preventing skin irritation and dryness.

Key Properties/Features

- ▶ Gentle on body
- ▶ Economical to use
- ▶ Pleasant fragrance

Advantages

- ▶ Effective even in hard water
- ▶ Provides a wonderful feeling of freshness
- ▶ Does NOT irritate the skin

Instructions for Use

Dosage/Application:

Apply FO SHAMPOO BODY to wet body. Massage gently to enjoy a wonderful sensation of cleanliness and freshness. Then rinse thoroughly with water and dry well.

Technical Information

- **Appearance:** Blue liquid with a characteristic scent
- **Product pH:** 5.5 ± 0.5

Note:

The above data are indicative of the usual production process and should not be considered as product specifications.

Precautionary and Storage Instructions

First Aid Measures

- **General Instructions:** Move affected individuals to fresh air.
- **Skin Contact:** Rinse with plenty of water and soap. If irritation persists, consult a doctor.
- **Eye Contact:** Immediately rinse eyes with plenty of water, lifting upper and lower eyelids alternately. Check and remove contact lenses if present. Continue rinsing for at least 10 minutes. Seek medical help if irritation occurs. Be cautious when washing eyes, as high-pressure water may damage the cornea. Consult a doctor.
- **Ingestion:** Drink plenty of water and stay in fresh air. Seek immediate medical attention and show the label or packaging. Never administer anything orally to an unconscious person.
- **Inhalation:** Ensure fresh air and consult a doctor if necessary. In case of fainting, lay the individual down and place them in a stable lateral position. If discomfort occurs, consult a doctor.
- **Most Important Symptoms and Effects, Immediate or Delayed:** No additional relevant information available.

Handling and Storage Information

Handling:

- Handle and open containers with care.

Storage:

- **Technical Measures and Storage Conditions:** Store in tightly sealed containers in a cool, dry place with proper ventilation.
- **Storage Area and Container Requirements:** Store in a cool place.
- **Co-storage Guidelines:** Not applicable.
- **Additional Storage Instructions:**
 - Keep containers tightly closed.
 - Store locked or in a location accessible only to specialists or their designees.
 - Keep locked and out of reach of children.

Hazard and Precautionary Statements

Classification under Regulation 1272/2008 (CLP):

- **Hazard Pictograms:** None
- **Signal Word:** None
