PROFUMATO FRESCO COCONUT

Liquid hand soap with coconut scent, glycerin, and vitamin C.

Description

PROFUMATO-FRESCO is a liquid hand soap with excellent cleansing power, a neutral, skin-friendly composition, and a pleasant coconut fragrance.

Key Properties/Features

- ▶ Highly effective
- ▶ Rapid removal of dirt
- ▶ Neutral pH for the skin
- ▶ Microbiologically, dermatologically, and ophthalmologically tested in vitro
- ▶ Economical to use
- ▶ Pleasant coconut fragrance

Advantages

- ▶ Effective even in hard water
- ▶ Pleasant fragrance
- ▶ Does NOT irritate the skin

Instructions for Use

Dosage/Application:

Apply an adequate amount of PROFUMATO-FRESCO from the soap dispenser or special bottle onto already wet hands. Lather thoroughly, paying special attention to the spaces between the fingers. Dry or wipe with disposable paper.

Technical Information

- **Appearance:** White liquid with a coconut fragrance
- **Product pH:** 5.5 ± 0.5

Note:

The above data are indicative of the usual production process and should not be considered as product specifications.

Precautionary and Storage Instructions

First Aid Measures

- **General Instructions:** Move affected individuals to fresh air.
- **Skin Contact:** If irritation persists, consult a doctor. If discomfort occurs, seek medical advice.
- **Eye Contact:** Immediately rinse eyes with plenty of water, lifting upper and lower eyelids alternately. Check and remove contact lenses if present. Continue rinsing for at least 15 minutes. Seek medical attention if irritation occurs. Be cautious while rinsing; high-pressure water may damage the cornea. Consult a doctor.
- **Ingestion:** Drink plenty of water and stay in fresh air. Seek immediate medical attention and show the label or packaging. Never administer anything orally to an unconscious person.
- **Inhalation:** In case of fainting, lay the individual down and place them in a stable lateral position. Ensure fresh air and consult a doctor if discomfort occurs.
- **Most Important Symptoms and Effects, Immediate or Delayed:** No additional relevant information is available.

Handling and Storage Information

Handling:

- Handle and open containers with care.

Storage:

- **Technical Measures and Storage Conditions:** Store in tightly sealed containers in a cool, dry, and well-ventilated area. Keep in a shaded place.
- **Requirements for Storage Areas and Containers:** Store in a cool place.
- **Co-storage Guidelines:** Not applicable.
- **Additional Storage Recommendations:**
 - Keep containers tightly closed.
 - Store locked or in a location accessible only to specialists or their designees.
 - Keep locked and out of reach of children.

Hazard and Precautionary Statements

Classification under Regulation 1272/2008 (CLP):

- **Hazard Pictograms:** None.
