DALCO CARBON

Powerful carbon cleaner and drain-pipe unblocker

UFI: GDEU-01FH-C00P-4XJN

DALCO CARBON is a specialized, highly alkaline product designed to remove carbon residues, burnt fats, and other pollutants typically found in ovens, stovetops, grills, etc. The product is composed of a blend of specialized wetting agents and alkaline substances that penetrate carbon residues and burnt fats, dissolving them while being relatively easy to rinse and wipe away.

Advantages

- ▶ Immediate effectiveness
- ▶ Cost-effective usage
- ▶ Versatile applications

Instructions for Use

Dosage-Application:

- **For cleaning carbon residues (grill):**
DALCO CARBON can be used undiluted either with a special sprayer (SPRAY) or a plastic brush. Allow it to act for 3–5 minutes, depending on the level of dirt on the surface. Rinse with water or wipe the surface with a damp cloth. Avoid applying it to surfaces made of soft metals (particularly aluminum or its alloys).
- **For unblocking drains and pipes:**
Heat a quantity of water, pour the DALCO CARBON solution into the drain or pipe, and then carefully pour the hot water over it.

Technical Information

- **Appearance:** Yellow-colored liquid
- **pH of undiluted product:** 13.5 ± 0.5

The above data is indicative of the usual production process and should not be considered as product specifications.

Precautionary Instructions and Storage Guidelines

First Aid Measures

General Instructions:

- Immediately remove any contaminated clothing.
- Move affected individuals to fresh air.

After Inhalation:

KARAMANLI AVENUE 213, 13677, ACHARNES – ATTICA REGION - GREECE,

TEL: +30 210 2460401 , +30 210 2460609 FAX: +30 210 2466100

DALCOCHEM

DETERGENTS - DISINFECTANTS - COSMETICS - DISINFECTIONS – PEST CONTROL

- If fainting occurs, lay the person down in a stable side position.
- Ensure access to fresh air, and consult a doctor as a precaution.
- In case of discomfort, seek medical advice.

After Skin Contact:

- Rinse immediately with plenty of water and soap thoroughly.
- If irritation persists, consult a doctor.

After Eye Contact:

- Rinse eyes immediately with plenty of water, lifting both upper and lower eyelids alternately.
- Check for and remove contact lenses, if present.
- Continue rinsing for at least 15 minutes.
- Seek medical attention if irritation occurs.
- Be cautious during eye rinsing to avoid using water at high pressure, which may damage the cornea. Consult a doctor.

After Ingestion:

- Do not induce vomiting.
- Rinse the mouth with water.
- Drink plenty of water and move to fresh air.
- Immediately consult a doctor, showing the label or packaging.
- Never give anything by mouth to an unconscious person.

Handling and Storage Information

Handling:

- Do not use in combination with acidic products, as hazardous gases (chlorine) may be released.
- Handle and open containers with care.

Storage:

Technical Measures and Storage Conditions:

- Store in tightly sealed containers in a cool, dry, and well-ventilated place.

Requirements for Storage Areas and Containers:

- Protect from direct sunlight.
- Store in a cool area.

Additional Storage Instructions:
